President's Message

Dear Fellow Rotarians:

I am pleased to inform you that things are moving along well with the Farmville club. As you know, membership is increasing and the Foundation drive is increasing.

I had an opportunity to sepak with Betsy, the manager of Madeline's House, and she just wanted to thank us for all the work that Rotary has done to improve the living conditions of the women and children who reside there.

Special thanks to Kerby Moore for his work to improve membership and give clear understanding of Rotary's responsibilities.

The Paul Harris emblems have arrived. We will plan to have a pinning soon.

Again, thanks for all that you do and for your continued support for the club.

James H Lyle Sr. - President
